In another scene where women are chasing a pirate with frying pan wasn't the original scene. Originally pirates used to chase women in an endless circle in one of the scenes, but the Imagineers later reversed the direction so that the women now chase the pirates. Of course, we all know the story about the auction scene in the ride.

The Pirate Chase Race Fest - Home

In reality, most pirate ships were small, built for speed and agility with enough space for weapons and their crew of men. This was a well thought out method as they simply relied more on being nimble enough to chase larger, slower moving merchant ships without being chased down themselves after getting away with the loot.

24 Little-Known Facts About Real-Life Pirates | TheTravel

The original Pirates movies came out when CGI was only just being perfected, but Industrial Lights & Magic succeeded in creating photorealistic images for the series' more fantastical sequences.Today, such effects are commonplace, but at the time, they were a sight to behold. Chief among these effects is Davy Jones, whose tentacled visage was so lifelike that many mistook the advanced motion ...
