The title of the book is "the politics of experience". I actually think that is a very pregnant title, and has a number of possible meanings, all of which I think are implied, but one meaning is: politics, in a very broad sense, determines what we experience, the kind of experience we have, whether full or desiccated, connected or alienated.

The Politics of Experience is a book that tries to fundamentally tackle the claim that mental illness (particularly schizophrenia) is a natural reaction to an insane human social world. While a part of me would like to believe this - as to do so implies that mental illness What started out as a promising and innovative read has turned out to be a disappointment.

The Politics of Experience/The Bird of Paradise by R.D. Laing

!The Politics of Experience! is an important document in the difficult realm of relational psychology. Laing understands intimately the nature of alienation  personal, social and professional  and offers an acute sense of the reality of others as beings in the world as intensely sentient as ourselves.

Political Experience. The Bill of Rights. Every society needs a set of rules by which to operate. After the colonies declared independence from Great Britain, they had to write their own constitutions. Impassioned with the republican spirit of the Revolution, political leaders pointed their ideals toward crafting "enlightened" documents.

"The Politics of Experience" by R.D. Laing - Andrew Blackman

About The Politics of Experience. R.D. Laing is at his most wickedly iconoclastic in this eloquent assault on conventional morality. Unorthodox to some, brilliantly original to others, The Politics of Experience goes beyond the usual theories of mental illness and alienation, and makes a convincing case for the madness of morality.. Compelling, unsettling, consistently absorbing, The Politics of Experience is a classic of genuine importance that will excite, enthral, and disturb.
