1. Stop Believing What You See The first uncommon action you must take is to stop believing what you see. This concept is difficult for most people to grasp because we're raised to believe that what we see in our outer world is the Truth. Let me give you an analogy. When you look into the sky on a clear night, you see the entire milky way ...

(1) Unexciting, unadventurous, mainstream or dull. Generally used in describing a person with such attributes or who plays it safe. Historically, derived from a person whose goal in life is to have three "squares" a day (see definition (3) below), a roof over his head, a respectable job, a house, 2.5 kids, etc. Became a hip/popular expression of derision of the mainstream in the beat generation.

Urban Dictionary: square

You can get a low R-squared for a good model, or a high R-square for a poorly fitted model, and vice versa. Frequently Asked Questions  
What is a good R-Squared Value .

R-Squared Definition

When you square a number, you are essentially multiplying it by itself to form the product - or answer - to the multiplication problem. Learn the common squares of numbers so you don't have to do them repetitiously over and over again.
